

# PROJECT PAGES AND USES

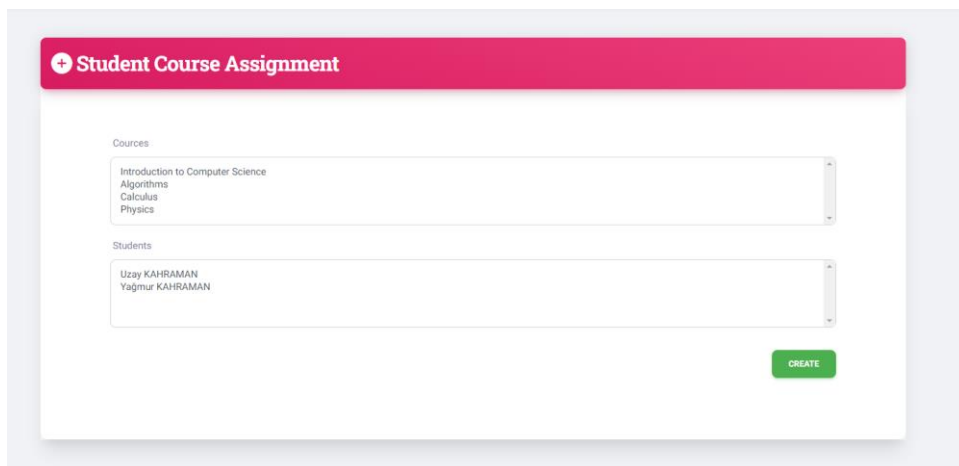

Welcome to Us introduction and **Login Page**.

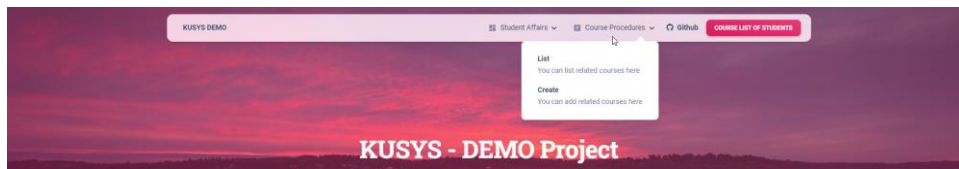

We have two subtitles in the **Student Affairs** window, the first of these is **STUDENT**: Here we see student addition, Listing and their details.

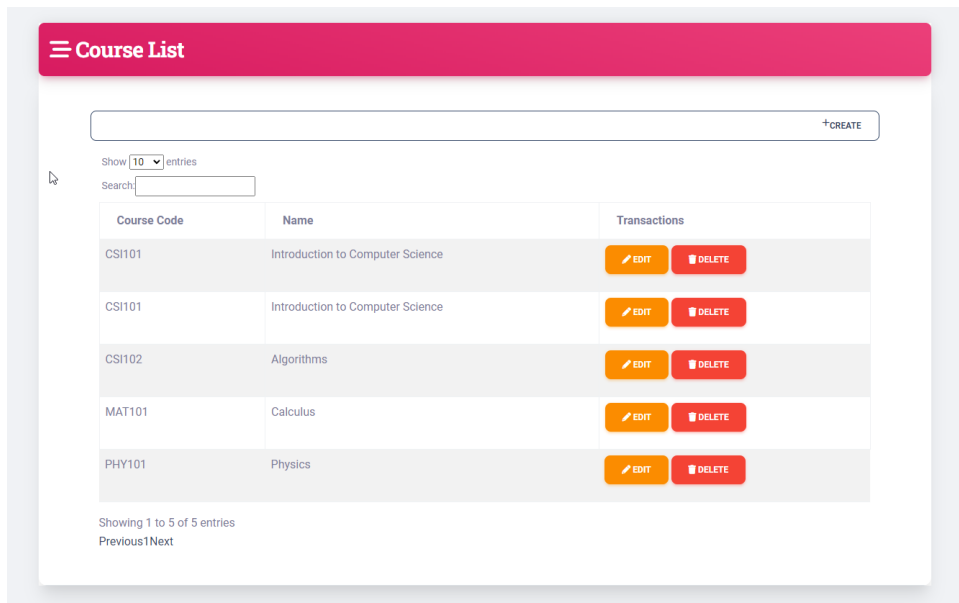

**COURSE:** It is the place where we assign a course to the student.

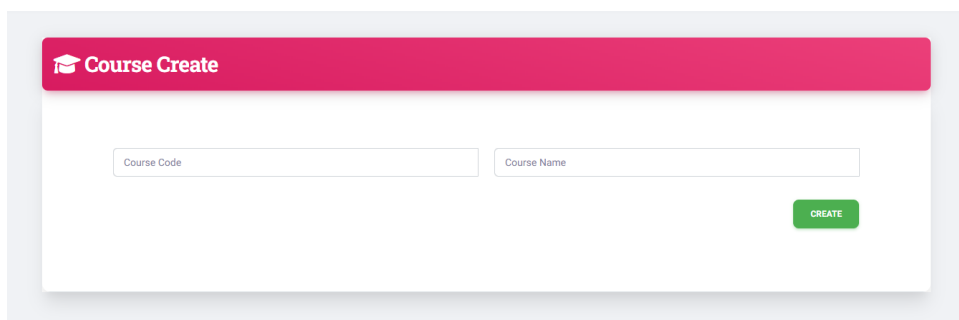

In the **Course Operations** tab, we can add and list courses, as well as update and delete them.

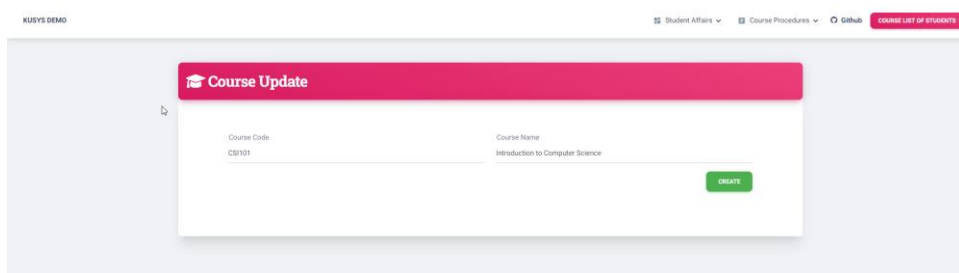

## LIST / DELETE:

## CREATE:

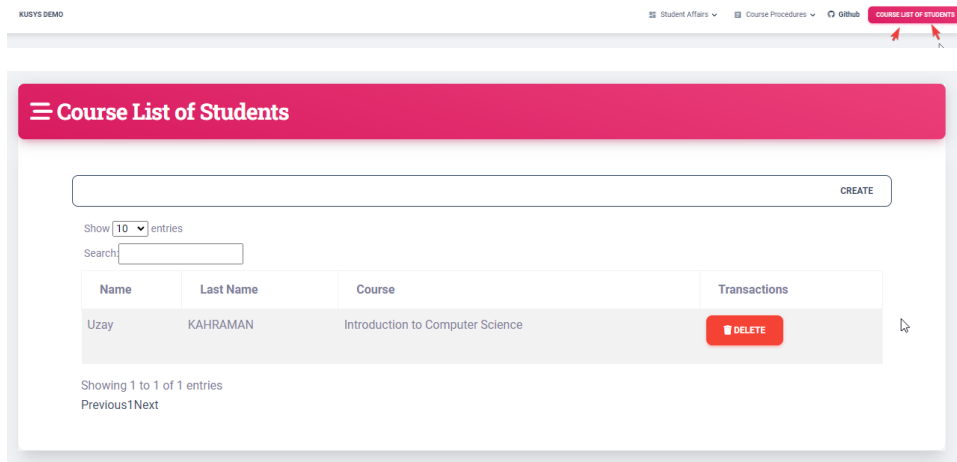

## EDIT:

Finally, on the far right, we see the list of all students and their course mappings.

### Course List of Students:
